

Afternoon Session - Part 1

- A. How have Howard Thurman's life and teachings spoken to you thus far?
- B. In whatever way feels right for you, take a moment to sit with those who live in fear, who must pretend to like people who mistreat them, who learn to cultivate resentment and hatred toward those who disrespect, exploit and sometimes abuse them. What might be God's prayer for them?
- C. As you hear news of today, what prayer may be rising up in you for minorities, refugees, immigrants, and other oppressed people? What might God's prayer be for them?
- D. Am I called in this moment to act in any way on behalf of those who I have been praying for?
