

## The Breeze has Secrets to Tell You

### Questions for Afternoon Personal Prayer and Reflection

For these reflection questions, you may choose to print off this document and bring it to your prayer space or outside, write the question in your own journal, or whatever practice works best for you to engage deeply and listen to what comes in the silence.

Ann Dean will read through these questions during her closing comments and give you time to ponder them out of the silence of the afternoon.

**When were you the most aware of God's presence in creation?**

**Which sense (seeing, hearing, etc.) was most alive today in your Earth prayer?**

**What is awakened and calling for further exploration?**

*...Let what is most alive in your prayer take you deeper...*

*...Open your heart to God as fully as you can...*

*...Listen for God's prayer in you...*

*...what words does God have for you?*
